- Enrollment form must be received and approved prior to the date of injection
- ACCESS4Me will conduct a benefits investigation, communicate the results to the office, and confirm eligibility for the patient's free dose
- Once the patient is approved, providers utilize ROLVEDON from their existing supply and submit for a free replacement unit (additional form required). No claim for ROLVEDON can be submitted to any insurer, payor or third-party
- Replacement product is shipped directly to the facility address where the product was administered
- Product replacement requests need to be submitted by end of month after treatment

#### Complete Terms and Conditions

To utilize the Product Replacement option, patients must be enrolled in ACCESS4Me and patient consent is required. ROLVEDON received under the ACCESS4Me Bridge program is provided at no charge for the benefit of the patient only. Neither the patient nor the provider, nor anyone acting on behalf of the patient or provider, may seek reimbursement for the value of ROLVEDON received from this program from any insurer, payor, or third-party, including any federal health care program, any flexible spending accounts or healthcare savings accounts. Not valid for ROLVEDON administered in the inpatient setting.

The program covers product replacement only and does not cover any health care provider charges related to the administration of the product or other treatment costs. Participation in the ACCESS4Me Bridge program does not impose any future obligation on the patient or provider to use, purchase, order, or prescribe ROLVEDON or any other Spectrum product or service. Spectrum Pharmaceuticals reserves the right to modify or terminate the program without notice at any time. This is not health insurance.
